

Have a Health Insurance Strategy?

WE DO!

The Fedeli Group is a leading benefits consultant specializing in solving the healthcare mystery for Ohio's public sector employers. In conjunction with Medical Mutual of Ohio, we have developed a government healthcare consortium unlike any in the market today. The Ohio Government Benefit Cooperative (OGBC) was established with you in mind. No hidden fees, long-term contracts or benefit plan restrictions.

What are the benefits of being a member?

- Lower administration costs
- Avoid state insurance taxes
- Mitigate medical trend
- Build consistency and reserves
- Pharmacy rebates

How is OGBC different from other consortiums?

- Self governed - operated by members, not a consultant
- Plan design flexibility and compatibility - bring your own plan design
- Exit without financial penalty or reserve cost

OGBC members enjoy unique advantages and features not available through other health care consortiums, including:

Average Renewal of 1.8% for 2021

Governed by Member-Municipalities

Fully-Insured and Self-Funded Models

Custom Plan Design

IBNR and Reserves Well Over \$2 MM

Competitive Pharmacy Structure and Contract

No Exit Fees

Consistent Membership Growth Year Over Year

Wellness Credits & Incentives Available

Get in Touch
